

**VOLUNTARY REMEDIATION PROGRAM
DEPARTMENT OF ENVIRONMENTAL MANAGEMENT**

PROJECT SUMMARY

Site name:	Shell Bulk Terminal (former) and Drew Properties
Applicant Name:	Westside Community Development Corporation
Site location:	2121 and 2101 West Michigan Street Indianapolis, IN 46222
VRP Site No.:	6001101
Project Manager:	Ruth Williams
Date received:	November 3, 2000
Date completed:	May 23, 2003
Contaminant(s):	Volatile Organic Compounds (VOCs) and Semi-volatile Organic Compounds (SVOCs)
Media addressed:	Surface Soil, Subsurface Soil
Cleanup Objectives Achieved:	VRP 1996 Guidance Tier II
Nonresidential	
Deed/Land use restrictions:	The property shall not be used for residential purposes

Project Summary: The properties were formerly occupied by a bulk fuel terminal and gasoline station. Soil was excavated from an old underground storage tank location and disposed of off site. A new Indianapolis-Marion County Public Library branch has been built on part of the site, and the Westside Community Development Corporation intends to develop the rest of the site for the Goodwill Industries vehicle donation program.
